KENNEDY · SCOTT

Specialist Employability Support (SES)

Artur's story

Artur has a physical and mental health condition, and was referred to SES by the Jobcentre Plus to help him find his new career.

Artur signed up to workshops to help his confidence, which was low as he was unemployed for a while. With his improved confidence, Artur was taught to job-search and created a professional CV.

With his Caseworker, Artur looked for work. He was given interview practice, and soon after secured a job at a bowling alley as a Technician.

Artur's employer was impressed and wanted him to also start a customer facing role as a Security Officer.

Through Kennedy Scott, Artur gained a qualification so that he could do this.

Like Artur, we can help you find the right job.

Disabilities do not define people; their talents and abilities do.

Kennedy Scott will always **define you by your talents and abilities, not by your disability.** We promise to:

- **Listen** to you and take the time to understand your life, your needs and your goals.
- Give you a **Personal Caseworker** to provide you with consistent support to tackle any issues and help you to progress.
- Build a **Circle of Support** around you. This will include all the people who you want to work together to help you achieve your goals. They could be your family and friends, health professionals, housing advisors and other support services.
- Offer **maximum convenience**: Kennedy Scott has locations across the country, or we could meet at an alternative community location if you prefer.
- Look for **work experience and jobs which match your skills and goals**. You will never be forced to do anything that isn't right for you and we will work with employers to get the right workplace support to help you succeed.
- Help you build skills and practical tools for jobsearching including CVs and interviews, and provide access to **qualifications and apprenticeships**.
- Provide access to activities and support services that will help **build your confidence, meet new people and gain skills**.
- If you've got a great business idea, we will provide **expert support in going self-employed**.

Ask your local Jobcentre Plus for more information.
